

DRG Validation

Realize Your Full Revenue. Do More With Your Data.

Improve net collections, gross revenue, and compliance by **optimizing DRG assignment and Clinical Documentation Integrity (CDI)**. Our AI Augmented DRG Validation and In-Workflow CDI Program provides real-time value and coding accuracy.

Strategic Solution

Our process integrates an AI-Augmented DRG Solution into your Epic environment **in real-time**, giving your team access to your full revenue potential with **improved coding accuracy and a reduction in effort needed**.

	MVP	Design	Develop	Mature	Take Off
Input	Technical Infrastructure for AI Augmented DRG Model IT Staff and Coding Leadership Time	Real-Time Middleware CDI Champion Time	CDI Program CDI Program Stewards	Data & SPI Validation Program In-Workflow Prescriptive Analytics Guided Coding Review	In-Workflow Support via Generative AI Model Revision & Drift Correction
	AI Augmented DRG Model & Dashboard	CDI Program Design & Toolkits	CDI Program Operationalized	Reduction in Resource Utilization	Full Value Realization
Output					

50x ROI: Here's How

See how our CDI and DRG Validation Program has created **50x ROI** for a one of our customers in year 1:

Current State:

\$2.5B Annual Revenue
60% Current Level of Coding Accuracy
\$500k Investment in Model Improvement

Prominence's DRG Solution

Future State:

\$25M Revenue Lift (1%)
80% Improved Level of Coding Accuracy

50x Total ROI in Year 1
