

Tableau + Prominence

PROMINENCE
Healthcare, Smarter.

Do More with Your Data. Make Healthcare Smarter.

For more than 10 years, Prominence Advisors has been helping leading health systems to move mountains and do more with their data. With more than **\$720M** in documented ROI and **12,000 hours saved annually**, we've given healthcare organizations access to **self-service analytics** and the power to make **proactive, data-driven decisions**.

Advanced Analytics

Data from Anywhere – Information for Everyone – Trusted by Everyone

Data Governance and Strategy

Align people, process, and technology to ensure scalable, sustainable success and efficiency.

Epic Deployment

Our team of Epic veterans are certified in every module and are committed to maximizing the return on our customers' Epic investments.

Let's Move Mountains

Prominence Advisors is proud to be **Tableau's only healthcare partner**. We have more than 9 years of experience with Tableau, giving us the expertise to **quickly create value for Tableau customers**, providing the guidance needed to reach your goals. With Prominence, health systems can **go further, faster**, with their Tableau investment.

We've led some of healthcare's largest organizations find success with:

- **Tableau Cloud Migration** - move to Tableau Cloud with ease
- **Tableau EMR Integration** - eliminate back-and-forth and allow your team to access the data they need, all in one place
- **Tableau Write-Back** - sign off on performance with this automated process, right in your Tableau Application
- **80+ Pre-Built Accelerators** - proven solutions to jump start your Tableau development
- **Custom Tableau Dashboards and Solutions**
- **Data Intake and Prep**
- **& More!**
