

Data Enablement Suite

Replace Health Catalyst with a more flexible solution that you own.

Relying on a single vendor like Health Catalyst can limit your options and hinder the growth of your data capabilities. Prominence Advisors empowers you with the **autonomy** and **flexibility** to craft a data strategy tailored to your organization’s unique needs, ensuring you maintain control and ownership over the outcomes.

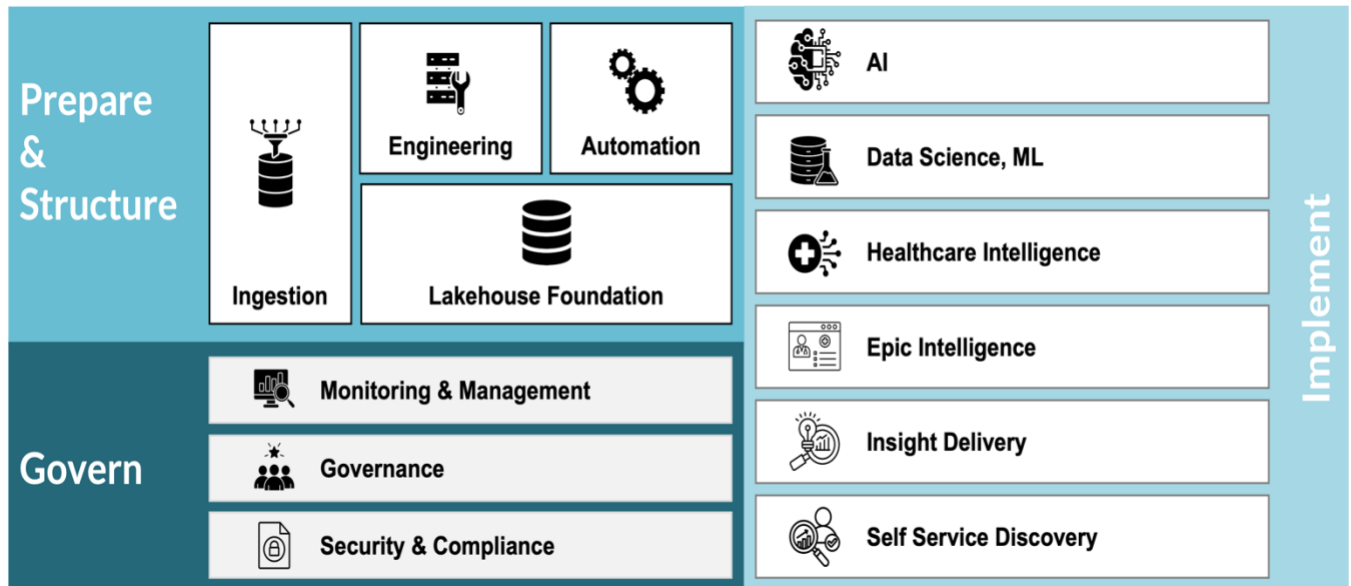

Why Move from Health Catalyst?

Health Catalyst provides bundled solutions, but you are limited by their data strategy, technology selections, features and lack of flexibility. Migrating from Health Catalyst may seem challenging but offers key benefits, such as:

Eliminate Vendor Lock In	Develop and Own Your Destiny	Prioritize Features Based on your Needs	Accelerate Your Advanced Technology Adoption
--------------------------	------------------------------	---	--

Explore the Prominence Data Enablement Suite

Based on **open industry standards**, Prominence’s Data Enablement Suite and support services deliver a **fully-customized, modern** approach to data management. By focusing on what you truly need and equipping your teams with the knowledge and tools to thrive, it empowers your organization to adapt to the evolving technology landscape, eliminate black box vendor lock-in, and future-proof your data strategy.
