

Databricks + Prominence

PROMINENCE
Healthcare, Smarter.

Do More with Your Data. Make Healthcare Smarter.

For more than 10 years, Prominence Advisors has been helping leading health systems to move mountains and do more with their data. With more than **\$720M** in documented ROI and **12,000 hours saved annually**, we've given healthcare organizations access to **self-service analytics** and the power to make **proactive, data-driven decisions**.

Advanced Analytics

Data from Anywhere – Information for Everyone – Trusted by Everyone

Data Governance and Strategy

Align people, process, and technology to ensure scalable, sustainable success and efficiency.

Epic Deployment

Our team of Epic veterans are certified in every module and are committed to maximizing the return on our customers' Epic investments.

Let's Move Mountains

Prominence Advisors is a proud Databricks partner. With Prominence, health systems can **go further, faster**, with their Databricks investment.

We've helped health systems across the country **do more with their data**, including:

- Databricks Playbook
- Data Lakes and Lakehouse Migrations
- Clinical De-Identification
- Private LLM Training and Serving
- LakehouseIQ
- Lakehouse Leader
- Unity Catalog
- Federation
- Code Conversion

"Prominence is the **best vendor that I have ever worked with in my entire professional career**. The vendor is always there to help. They **don't nickel-and-dime me**. In terms of expertise, Prominence **knows what they are talking about, and they get things done quickly**. I can't speak highly enough of the vendor."

- Analyst/Coordinator, July 2023
