

# Financial Management Dashboard

Encourage **proactive monitoring** of risk and compliance, **facilitate decision-making**, and function **more effectively and efficiently** than manual methods with this “**one-stop shop**” for financial metrics.

## Unlocking Financial Management

Healthcare organizations across the country are gathering information on their financial performance and manually reporting on them, **wasting valuable time with reactive analytics**. Prominence Advisors has helped organizations **do more with their data**, proactively monitoring performance and improving efficiency.

The Prominence team will assist your organization with:

- Project Management
- Designing of the Data Models and Data Flows
- Developing Metrics in Tableau
- Design Whiteboarding
- Test Plan Development

## Financial Dashboard Benefits

Proactive Risk & Compliance Monitoring

“One-Stop Shop” for Financial Metrics

Real-Time & Continuous Monitoring

Identify Process & Internal Control Weaknesses

Reduces Duplicative Reporting Efforts

Identifies Areas of Need for Management
