# Snowflake + Prominence

## Do More with Your Data. Make Healthcare Smarter.

For more than 10 years, Prominence Advisors has been helping leading health systems to move mountains and do more with their data. With more than **$720M** in documented ROI and **12,000 hours saved annually**, we've given healthcare organizations access to **self-service analytics** and the power to make **proactive, data-driven decisions**.

### Advanced Analytics
Data from Anywhere – Information for Everyone – Trusted by Everyone

### Data Governance and Strategy
Align people, process, and technology to ensure scalable, sustainable success and efficiency.

### Epic Deployment
Our team of Epic veterans are certified in every module and are committed to maximizing the return on our customers' Epic investments.

## Let's Move Mountains

Prominence Advisors is a proud Snowflake partner. With Prominence, health systems can **go further, faster**, with their Snowflake investment.

### Prominence Extract Console for Snowflake
**Automated, incremental extraction of on-prem** data sources into your Snowflake data warehouse.

Prominence's Extraction Console **automates key tasks to eliminate errors** caused by 'copy-paste coding' and repetitive, rote work. Specifically, it automates:

- **Writing extraction code** and delivering to your servers to run
- Using **incremental extraction logic** wherever possible
- Executing r**efreshes of extraction** on set schedules you determine

## Get in Touch
